**INTRINSIC**  
precision body jewelry

## WHAT'S BEHIND THE INTRINSIC BODY BRAND?

*Our master jewelers expertise and knowledge comes from an extensive background in industrial engineering, specifically in the aeronautical and medical fields where precision is key. This knowledge and expertise informs every aspect of the **INTRINSIC BODY** brand, from design specifications, fabrication methods and techniques to the selection and design of components and equipment used and the best workflow practices implemented to produce each piece.*

### OUR PHILOSOPHY

*Approaching the design and creation of fine body jewelry like the manufacture of a precision jet engine or medical device makes sense for every element that goes into the work to be of optimum quality. Therefore, only the highest grade materials are used at **INTRINSIC BODY**: medical implant grade titanium and stainless steel, fine gold, and semiprecious gemstones. All materials are chosen for their intrinsic beauty and biocompatibility. Every piece of body jewelry produced at **INTRINSIC BODY** is made with the promise that your jewelry will be an intrinsic part of you for many years to come. We endeavor to create pieces that will stand the test of time in every way.*

RETURN POLICY and LIMITED WARRANTY

For nearly two decades, Intrinsic Body, has been a world leader in premium quality body jewelry. It is extremely rare that a piece of jewelry needs to be returned to us. However, as with any jewelry, care must be taken to ensure years of enjoyment. Should you need to send back a piece for repair or replacement, we have an easy to follow Return Procedure (see below).

Limited Warranty

Every product sold by Intrinsic Body, except for the Threaded Stone Gemballs, has a limited warranty against any manufacturer's defects (e.g., defects caused exclusively by the workmanship, or materials used to create the piece of jewelry) (the "Limited Warranty"). Intrinsic Body, in its sole discretion, may repair, replace, or provide store credit to you if you complete a Return Request as outlined below and if Intrinsic Body determines the Limited Warranty applies to the subject of your Return Request.

The Limited Warranty does not extend or apply to the Threaded Stone gemballs because the Threaded Stone Gemballs are made with adhesive (glue) that has a unique bonding property that varies with each individual stone. Although problems are rare, Intrinsic Body recommends keeping some spares in stock.
